Capabilities Statement

Greases Stop has several services in the Food and Beverage industry. We are a kitchen exhaust company that degreases commercial & Federal food systems. We service fryers in the kitchen by extending the life of the oil by 50% or more with our product called Frylow. Also, we solve the people shortage of delivering the food and taking back the dirty dishes with an autonomous robot called Plato.

Grease Stop is a leading provider of kitchen exhaust cleaning services to help prevent grease fires and grease build in the hoods, ducts, and fans. We sell a product called FRYLOW that is inserted into a deep fryer that extends the life of the oil by 50% or more and produces less oily, crispier & healthier fried food. Also, we solve the 'people shortage' with an autonomous robot called PLATO that assists your servers in delivering the food to the customers and return the empty dishes to your kitchen. PLATO can be used in VA hospitals and government repair & maintenance facilities as well.

Grease Stop LLC is providing high-quality, reliable maintenance services to our clients in an efficient and eco-friendly manner. Our mission is to help our clients maintain compliance with local, state, and federal regulations and prevent costly and damaging grease-related issues while minimizing their environmental impact. We strive to achieve excellence in our work and build long-lasting relationships with our clients through exceptional customer service and a commitment to integrity, professionalism, and innovation.

Core Competencies

- Degreases the complete kitchen exhaust system
- Remove dirt and gum on sidewalks
- Install and support grease containment around roof exhaust fan
- Install Frylow units in fryers to decrease 50% or more of Fry oil usage
- Install & Program Plato the robot to carry food in kitchens or anything else in Veteran hospitals

Differentiators

20 years of federal government sales experience selling Xerox data center main frame printers in Washington DC. Started in 2004 and currently has 20 employees servicing over 1500 companies which includes 3 PA military bases. Distributor of a worldwide product in the US selling Frylow east coast & national accounts. Frylow cuts the oil weight in half for all cruise lines. Great for Navy ships. Distributor of Plato the robot now in the US. German/French company now in US.
